TO THE RESIDENTS OF HOLYROOD

SOME HOMES IN THIS COMMUNITY HAVE ELEVATED LEAD LEVELS IN THEIR DRINKING WATER. LEAD CAN POSE A SIGNIFICANT RISK TO YOUR HEALTH. PLEASE READ THE ENCLOSED NOTICE FOR FURTHER INFORMATION.

We would like to explain that 3 (three) water tests showed lead. These were located at 110 S. Main (City Hall), 116 S. Main- (New City Hall) and 102 South County Road (FIRE Station). These are not residential properties. The high lead is showing because there is not sufficient water supply run through the pipes.

This notice is a requirement from Kansas Department of Health and Environment when the public water supply system exceeds the lead action level.
